Eco Tips - I have found a new way to keep warm and to exer-
cise, stamp on the plastic to go in the red roadside box. It
seems since the increase last year in the different types of plas-
tics now collected I'm struggling to fit them all in the box. After
using some for planting in, bits and bobs, the box is getting full
with margarine tubs, drink bottles, the plastic fruit pummets,
yogurt pots, meat trays (not black coloured ones or any black
plastics including bags), and then finally like with everything
else the washed out plastic milk bottle.

New recycle box in Sainsbury's car park for low energy light
bulbs, next to the Tetra bin which is for cartons like long life
milk container boxes.
